

RETURN FORM

contact@sigmabeauty.com

We hope you enjoy every Sigma product you purchase! However, if you are unsatisfied with the product(s) you have received, we would be happy to process a refund or an exchange for you.

Return Policy:

With the exception of 3DHD™ Blender and Mystery Hauls, returns received within 59 days of the original transaction date are eligible for a refund to the original form of payment. Returns received within 60-90 days from the original transaction date will be processed as a store credit or exchange. Any returns received after 90 days will be returned to the sender. Original shipping and return shipping charges are the responsibility of the customer and are non-refundable. Only items purchased on SigmaBeauty.com may be returned or exchanged. When returning orders in full, free gifts must also be returned. Sigma reserves the right to deny a return if the item is deemed as counterfeit. Counterfeit items are not eligible for exchange or refund and will be returned to sender.

***Mystery Hauls are final sale**

***3DHD™ Blender is eligible for return or exchange if return package is postmarked within 14 days of original order date. Returns postmarked after 14 days will be returned to sender.**

Please pack your return in a well-padded envelope or box to prevent damage in transit and retain the tracking number of your return package for your records. You will receive an email confirmation once your return package has been received by a Sigma representative.
